

## IS ONE PRECINCT

**GUILFORD MADE VOTING PLACE FOR WASHINGTON TOWNSHIP.**

## SEVERAL WANT BRIDGES

**Engineer Clary and Trustee Bainum Want Repairs on County Seat Highways—Road Petition From Grant.**

Washington township is now one voting precinct instead of a East Washington and a West Washington precinct. The county court in session at their regular June term so decided Tuesday morning when a petition containing two-thirds majority of the legal voters of East Washington requested the court to dissolve East Washington and add it on to West Washington, making only one precinct. The polling place of Washington will be at Guilford. Since the East Washington precinct was dissolved by the court, the county will now have twenty-three voting precincts.

County Highway Engineer John Clary and Trustee E. H. Bainum of Polk township, who are members of the county highway commission, were in conference with the court this morning in regard to some bridge work to be done. They are after the court to fix up the bridges on all the county seat highways which are to be selected soon. The commission will not start Wednesday on making their inspection trip over the county, but will make the trip within the next few days.

There have been many other parties and delegations in to see the court about repairing of bridges and new bridges. The court is unable to grant all of these requests as their bridge fund money is now overdrawn.

W. N. Livengood of Elmo was instructed by the court to get material to repair the bridge at Elmo in Lincoln township. Wm. Berry was also instructed by the court to get lumber and floor for a 32 foot bridge to be repaired on the east and west road situated in Green township.

A petition for a new public road in Grant township was presented to the court. The court set Thursday as the day that they will hear the petitioners. The petition was signed by Matt Farman, R. F. Carter, L. P. Growney and many others.

## THE HUGHES FISH.

**Col. Tom Hughes Is of the Opinion That He Caught a Fish Similar to the 20-Ton Fish.**

Col. Tom Hughes of this city, who returned recently from Punta Gorda, Fla., where he spent the winter, has been telling his friends a few fish stories, one of them being that he caught one of the largest that ever was caught there. His friends were showing him Tuesday a dispatch in a newspaper stating that a 20-ton fish was caught at Miami, Fla., and Mr. Hughes is of the opinion that his big fish will weigh close to that 20-ton fish. The dispatch in regard to the 20-ton fish follows:

Capt. Charles H. Thompson's 20-ton fish, caught off Miami, Fla., one year ago yesterday, attracted many persons to the New Jersey Central railroad terminal at Communipaw yesterday, where the fish lay on a freight lighter waiting to be taken over to Manhattan. It is to be placed in a museum. The fish, which was unknown to scientists, was stuffed by J. S. Warmbath of the Smithsonian Institute. It came from Savannah last week on a coastwise steamer. It was captured after a 39-hour fight in which five harpoons and 151 bullets were used. It required five days to kill it. It towed thirty yachts sometimes as fast as forty miles an hour. It is 45 feet long. It has several thousand teeth. It has no scales, but has hide three inches thick.

A Kaufman and his grandson, George Kaufman, of Manhattan, Kan., who have been visiting Mr. Kaufman's son, Delmar Kaufman of the Alderman dry goods store, left for their home Tuesday morning.

## LOCUSTS ARE HERE.

**P. M. Smith of Near Arkoe Has a Whole Sack of the Eighteen-Year Locusts.**

P. M. Smith of near Arkoe brought to The Democrat-Forum office this morning a whole sack of locusts. Mr. Smith said that these locusts are the eighteen-year locusts. He has seen these locusts three times in Missouri, once when a boy and again eighteen years ago.

On each wing of the locust is a small letter "w." Mr. Smith firmly believes that this means war for the United States within the next eighteen years.

The locust is similar to the ones we see every year only they are about half the size. Mr. Smith said that in his neighborhood they are hatching out and they are nearly a million of them. Their hatching place is around the creeks and ditches. It is said they do very little damage to vegetation.

## PARCEL POST WARNING.

**Postmasters Cautioned About Handling New Mail Matter.**

Missouri postmasters have received instructions regarding the handling of parcel post packages. A circular letter has been sent out to all postmasters by Joseph Stewart, second assistant postmaster general, which contains the following instructions:

"Investigations of complaints of damage to parcels in the mails show, in most cases, that the damage is due to failure to sufficiently and securely wrap the packages for safe transmission, and it is evident that many postmasters are not complying with the directions contained in section 37 of the parcel post regulations.

"Stove castings, plow points, pieces of machinery, etc., should be wrapped to prevent damage by their sharp points and rough edges. Clothing, dry goods, shoes, etc., should be put up so as to reach destination in unbroken packages, as, when the wrappers are broken, the contents are liable to be soiled or damaged.

"Parcels containing fragile articles must be very securely packed and be marked 'fragile,' and all packages marked 'fragile,' 'eggs,' 'glass,' etc., must be treated as directed in notice dated Feb. 19, 1913 published on page 2 of the Postal Guide for March, 1913; but parcels which do not contain fragile articles must not be marked 'fragile,' although the wrappers or boxes in which they are contained may be fragile. Such improperly packed articles must not be accepted for mailing.

"Perishable articles must not be accepted for mailing when addressed to offices beyond the limit of the first zone.

"All postmasters are hereby directed to see that parcels accepted for mailing at their offices are packed as prescribed in sections 19 to 36, inclusive, of the parcel post regulations.

"Postmasters, railway postal clerks, mail messengers and all postal employees and mail contractors and their employees who handle the mail must handle it carefully. Bags having 'fragile' tags attached must be handled with special care and must never be thrown from cars, wagons, or trucks on platforms, floors or on the ground. Any officer or employee noting a disregard of these instructions should make prompt report of the matter to the department."

## Returned to College Studies.

Eugene Cummins returned to his studies at St. Benedict's college at Atchison, Kan., Sunday morning. He suffered a broken finger a few days previous and came home for the service of his father, Dr. K. C. Cummins.

## A Day in Burnard.

Mrs. D. C. Wilson and her aunt, Mrs. M. J. Weaver of Kansas City, who is visiting her, went to Barnard Tuesday morning to spend the day with Mrs. Wilson's aunt, Mrs. M. V. Baker.

## Was Fined \$1.

## Was in the City.

Former County Treasurer S. H. Williams of Burlington Junction was in the city Tuesday.

A marriage license was issued Monday afternoon by Recorder Wray to Harold R. Council of Barnard and Golda B. Russell of Graham.

Misses Beulah Everhart and Rachel Watson of Pickering and Misses Charlotte Miller and Ruth Hopple of Hopkins returned home Monday from attending the Epworth League convention at Sanberry.

## FOR A NEW TOWER ON BOOSTER TRIP

**CONTRACT LET TO CHICAGO BRIDGE AND IRON CO.**

## TWO OTHER CONTRACTS

**Merkle-Hine Company to Install Four Pumps, Heater and Generating Set for \$5,200.**

The board of public works, in conference with their engineer, Hiram Phillips of St. Louis, and a representative of the Chicago Bridge and Iron company, decided on the plan for the water tower, which the board has spent considerable time on. The contract for the new tower was let to the Chicago company at a price of \$7,000.

The contract provides that the present tower be torn down to the forty foot line. Then a two foot thickness of reinforced concrete roof will be built. On top of this foundation will be eight steel legs and the legs will support a steel tank of the capacity of 150,000 gallons of water. The tank will be twenty-seven feet in diameter and twenty-six feet high. A safety ladder will be built on the outside of the structure up to the top of the tank. The brick in the old tower to be torn down will remain the property of the city. Work will probably start on the new tower within the next few weeks and is to be completed within 140 days after the contract is signed.

The board also awarded a contract to Merkle-Hine company of Kansas City for a high service pump, two low service pumps, one feed water heater, one small generating set direct connected, and one feed pump, all for the needed, and one feed pump, all for the received the contract a few weeks ago for the installation of two new boilers at the water plant.

The contract for two pressure filters with chemical apparatus was given to the Pittsburg, Pa., filter company. These filters have a capacity of 250,000 gallons each. The contract price was \$3,598.

All of the work on improving and adding new machinery at the water plant will be done at once.

The board has two or three more propositions still to take up and when that is done, they will consider the proposition of a new main. However, the new main will be the last thing taken up by the board and all the money left of the bond issue at that time will be spent in building these mains.

## BOOHER ON COMMITTEE.

**Keeps Place on Rivers and Harbors Organization at Washington.**

In the Democratic committee assignments announced by the committee on ways and means on Monday at Washington, Representative Charles F. Booher of Savannah retains his place on the committee on rivers and harbors.

## FUNERAL FOR VERN DAVIS.

**Held at His Late Home Monday Morning—Died Saturday at St. Francis Hospital.**

Funeral services for Vernon E. Davis, who died Saturday afternoon at St. Francis hospital of kidney disease, were held Monday morning at 9 o'clock at his late home on the Braniger farm two and one-half miles north of Maryville, and were conducted by Rev. Gilbert S. Cox of the First M. E. church. Burial services took place in White Cloud cemetery, six miles southwest of Maryville, by the body of the wife, who died eight years ago.

Mr. Davis was 42 years old last January. He was a native of New York. He had been a resident of Nodaway county since his marriage twenty years ago to Miss Louisa McGinnis of Indiana. Four children, all at home, survive. They are Misses May and Esther Davis, Harry and Ruth Davis, aged 19, 16, 11 and 9 years. Mr. Davis engaged in farming principally, but had been buying and selling apples for some time the past three years. He has a brother, Edwin Davis, at Troy, Oregon.

## Came to See Nephew.

Mrs. Harry Culbertson of Arkoe was shopping in Maryville Monday. She was accompanied by her aunt, Mrs. Mary Stine of Patos, Ia., who is visiting her.

## PARTIES TO TOUR COUNTY THURSDAY AND FRIDAY.

**White Way Dedication to Be the Gospel Preached by the Travelers From Maryville.**

## TO BOOM CELEBRATION

On Thursday and Friday of this week, a tour of the towns in the county will be made by a number of business men and citizens of Maryville for the purpose of advertising the celebration of the dedication of the white way to be given on Wednesday, June 18. It is expected that at least from 20 to 30 cars will make the trip.

John Sewell is chairman of the committee in charge of the trip and would like to have all auto owners to make the trip. The ladies are urged to go along on the trip. Many banners and much advertising matter for the white way dedication will be taken along and at each town where a stop will be made, these banners and advertising matter will be distributed. The trip was arranged by the Commercial club.

The party will leave Maryville on Thursday morning at 8:30 o'clock and will go to Pickering, arriving there at 9 o'clock. After a twenty-minute stop at that town, they will go on to Hopkins, making the trip in thirty minutes. A thirty-minute stop will be made at Hopkins and the party will leave that town for Sheridan, where twenty minutes will be spent. They are due to arrive at Parnell at 11:50 and dinner will be taken at the hotel of Parnell. Leaving Parnell at 1:20, they go to Harmony, being due to arrive at 1:30 o'clock. After a twenty-minute stop at Harmony, they go on to Ravenwood, arriving there at 2:30. They will spend twenty minutes in that town and then go on to Clyde, where they will be for ten minutes. From Clyde, they go to Conception Junction and then on to Conception. They are scheduled to arrive at Guilford at 4:30 and leave at 4:45. They then will go to Barnard, arriving at 5 o'clock and after twenty minutes in that town, will go on to Blockow, arriving there at 5:55. From Blockow, they will leave for Maryville and on their way to this city, will stop at Arkoe, where they are scheduled to arrive at 6 p. m. Then from Arkoe, the trip will be to the city, arriving here at 7 p. m.

On the second day, or Friday, of the tour, the party will leave Maryville at 8:30 o'clock. They will make Burlington Junction the noon control and will take dinner at the hotels in that town. The schedule for that day follows:

Leave Maryville at 8:30, arrive at Clearmont at 9:30 a. m., leave Clearmont at 9:50, arrive at Braddyville at 10:10, leave Braddyville at 10:20, arrive at Elmo at 10:50, leave Elmo at 11:10 and arrive at Burlington Junction at 11:40. Leaving Burlington Junction at 1:30, the party will go to Quitman, arriving at 1:55 and leaving at 2:05, arrive at Skidmore at 2:30, leave Skidmore at 2:50, arrive at Maitland at 3:05, leave Maitland at 3:25, arrive at Graham at 3:55, leave Graham at 3:55, arrive at Sunnybrook at 4:20, leave Sunnybrook at 4:30 and arrive at Maryville at 5:20 o'clock.

## MOORE FUNERAL SUNDAY.

**Body of Mrs. Lillie Moore Laid to Rest at Burlington Junction—Died in North Dakota.**

The funeral services for Mrs. Lillie Moore, who died Tuesday night at Harrold, N. Dak., at the home of her brother-in-law, George W. Cox, were held Sunday afternoon at 2 o'clock in the M. E. church at Burlington Junction. The pall bearers were Lon Monk, T. A. Corken, James Barber, Frank Nicholas, Lewis Yapple Bert Kester.

The body was accompanied to Burlington Junction by Miss Dorothy Moore, who took her mother to North Dakota in the search of health, and Mrs. Adolph Koch of Harrold, a niece of the deceased. Mrs. Moore was about 44 years old. She also leaves a son, Dale Moore.

## Went to Clearmont.

Mr. and Mrs. Frank Nichols and daughters, Gertrude and Margaret, of Winnebago, Neb., who have been visiting at the home of Mrs. Nichols' father, F. A. Woodward, went to Ravenwood Tuesday to visit Mr. Nichols' father, C. A. Nichols.

## RATES ON THE BURLINGTON.

**That Railroad Offers Reduced Fare to Maryville for White Way Celebration.**

A reduced rate of one and three-fifths fare for the round trip has been secured by the Commercial club here from the Burlington railroad for the dedication of the white way on Wednesday, June 18, in Maryville. The reduced rates will apply to all towns between Blockow and Bedford.

The Wabash a week or so ago agreed to make a reduced rate on their railroad of one and three-fifths fare for the round trip to the city on that day.

The Commercial club is making efforts to make the dedication of the white way a big success, and many visitors from neighboring towns are expected to be present at the celebration.

## ANOTHER SUCCESSFUL FLIGHT.

**Ralph McMillen in His Biplane Reached Height of 8,000 Feet in Kansas City on Sunday.**

Another successful flight was made Sunday in Kansas City by Ralph McMillen, who is to give two flights in Maryville on Wednesday, June 18, at the celebration of the white way. The Kansas City Journal, in speaking of McMillen's flight, says:

"McMillen took his seat in his Curtiss eighty-horsepower machine. He arose at great speed and headed for Kansas City, Kan., swinging in a semi-circle across the Kaw and back over the wholesale district of Kansas City, Mo., climbing every inch of the way until his plane showed only as a small black blotch against the blue of the sky. Around he went in a narrower circle with the tail of his machine making an acute angle with the perpendicular. No one in Kansas City ever had seen such a flight in point of height or speed. He had reached an altitude of 8,000 feet.

## NORMAL SCHOOL NOTES.

The enrollment of the school at noon today was 432 paid tuitions, according to Treasurer E. E. Williams of the Real Estate Bank. At the summer term last year, the total paid tuitions numbered 453. There are many more students coming in as the summer term has only just started. The paid tuitions will easily reach the 500 mark.

In the first ball game played Monday afternoon at the Normal park by the teams composed of students attending the summer term, a very good game was played. A league has been formed and is composed of four teams of the students of the school. The teams are called the Pirates, the Cubs, the Giants and the Athletics.

The game played Monday was between the Pirates and the Cubs, the latter team winning by a score of 8 to 7. The line-up of the Pirates was as follows: F. Miller, cf; E. A. Adams, 2b; F. Vandersloot, 3b; J. Wilson, p; Webb, ss; Breit, 1b; Chandler, lf; G. Vickery, rf; and M. Wilson c. The line-up of the Cubs was: Deunnigan, cf; Simmons, 2b; Hefner, 3b; E. Adams, p; Cooper, ss; G. Sommerville, 1b; Allen, lf; Wilson, rf; and L. Hosman, c.

The Giants and the Athletics will on Wednesday afternoon at 4:15 o'clock. Each team will meet the other team four times, and a schedule is being prepared and the order of the first few games will be given tomorrow. Catchers seem to be in demand and each newcomer is speedily questioned as to his ability along that line. Probably there will be a number of changes in each line-up.

## A JUVENILE COURT

**PROBATE JUDGE HAS NEW DUTY BEGINNING JUNE 24.**

## IS GIVEN WIDE POWERS

**Must Appoint Probation Officers and Has Jurisdiction Over Cases of Profane Language and Late Hours.**

The new law enacted by the last legislature, providing for a juvenile court in all the counties of the state having less than 50,000 population will go into effect on June 24. The law is practically the same as that passed in 1911 creating juvenile courts in counties having more than 50,000 population. Under this new law the probate judges of the different counties become the judges of the juvenile courts. In Nodaway county Probate Judge W. H. Conn will have jurisdiction in all cases affecting juveniles of the county.

Speaking of the new court and its duties, this morning to a reporter, Judge Conn said that he had been giving the matter much thought since the passage of the act by the legislature, and that he would fully prepare himself for the new duties imposed on him.

The new law under which the juvenile court is established goes so far as to give the court jurisdiction in cases of using vile, obscene, vulgar, profane or indecent language in public places, and those guilty of wandering about the streets at night without the consent of parents, and those guilty of wandering from school during school hours without the consent of parents or guardians. The law also gives the probate court power to compel parents to provide for the support of their children, and to take children away from parents who neglect them.

The court is compelled to appoint a probation officer, who will be under the direction of the court, and whose duty it will be to investigate all cases on parole or probation, and to make a report to the court, on the day the party or parties on parole or probation is to report. The court also has power to appoint voluntary probation officers, who will be subject to such regulations and directions as the court deems proper.

Judge Conn will give these added duties to his office careful and painstaking consideration and will look after them in the right manner.

## A RED LETTER DAY.

**Methodist Church at Clearmont Received Forty Into the Church.**

The Methodist church at Clearmont had a red letter day Sunday, when the pastor, Reverend Wiley, baptised and received into the church forty converts, the result of the recent tent meeting conducted by Evangelists Hankins and Howey. The church is much encouraged over the results of these meetings. There were fourteen that united with the other churches. There has been a total of 120 conversions on the Clearmont charge this year.

## Can You Work It

If a 2-6x6 screen door will keep out 1,000,000 flies in one year at a cost of 90c, how many flies will a 2-8x6-8 door keep out? and how long can you afford to be without screens; figuring cost of a 2-8 door at \$1.00, your health at \$1.00 a minute, and wall paper at 20c a roll?

Just excuse me a minute while you're looking for your "specks and pencil"; I will sell this "waiting customer" one of our "fancy" screen doors.

### A High Noon Wedding.

At the home of the bride in Arkoe, at high noon on Sunday, occurred the marriage of Miss Dora Fern Alloway to B. T. Swearingen of Bedison. The bride was dressed with a beautiful gown of silk tan trimmed with rich silk lace. After Rev. W. E. Royston had tied the nuptial knot the guests were invited to a table well laden of every good thing to eat, which was enjoyed by all present. Miss Alloway is the accomplished daughter of Mr. and Mrs. Ralph Alloway. Mr. Swearingen is the worthy son of Mr. and Mrs. H. D. Swearingen. They will be at home one and a half miles east of Bedison after their return from their honeymoon trip June 5.

### Silver Wedding Celebration.

An enjoyable event was the celebration of the twenty-fifth wedding anniversary of Mr. and Mrs. Albert Hengler, living two miles southeast of Clyde. To observe the day, Mr. and Mrs. Hengler on Monday invited quite a company of relatives and friends to partake of a splendid dinner which they had prepared. The table was centered with a large white wedding cake that was wreathed in silver leaves that were held in place by white doves. Other decorations, tastefully arranged, consisted of silver bells, white, pink and red roses. The host and hostess were the recipients of sev-

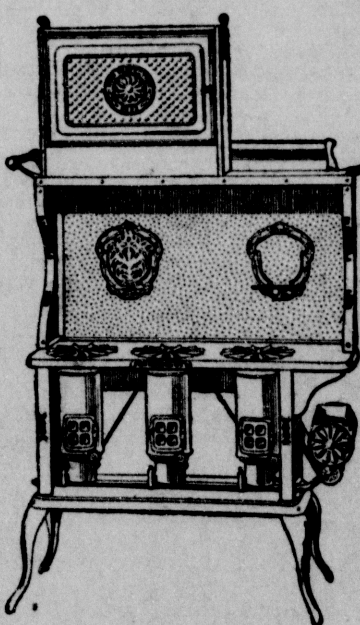

eral nice presents, among them was the silver wedding wreath presented them by their children, Albert, Arthur, Marie, Joseph, Xavier and Josephine Hengler. Those who were present to enjoy the hospitality were Mr. and Mrs. Alois Hengler and daughter, Marguerite, Charles Teson, Nick Hendel, Mr. and Mrs. Julius Klaas, Mr. and Mrs. D. Webbe, Mr. and Mrs. Joseph Holtman, Mr. and Mrs. Frank Wiederholt, Mr. and Mrs. Ed Archer and children, Lawrence and Geminal, Mr. and Mrs. John Holtman and children, Lawrence and Loretta, Mrs. Wm. King, Mrs. G. Villing, Messrs. Joseph, Albert, Arthur, John, Anthony, Xavier Hengler, Charles Villing, and Misses Anna Elberger, Victoria Wirth, Katherine Weels, Mary and Martha Hengler, Mabel Merrigan, Mayme Whatward, Marie, Agatha and Josephine Hengler. During the serving of dinner, Miss Mabel Merrigan and Miss Marie Hengler sang several songs and gave several piano numbers. In the evening, a crowd of young people of the neighborhood gathered to wish Mr. and Mrs. Hengler many more happy years and spent a delightful evening in a formal social way. An elaborate luncheon was served to them.

### Guaranteed Eczema Remedy.

The constant itching, burning, redness, rash and disagreeable effects of eczema, tetter, salt rheum, itch, piles and irritating skin eruptions can be readily cured and the skin made clear and smooth with Dr. Hobson's Eczema Ointment. Mr. J. C. Eveland, of Bath, Ill., says: "I had eczema twenty-five years and had tried everything. All failed. When I found Dr. Hobson's Eczema Ointment I found a cure." This ointment is the formula of a physician and has been in use for years—not an experiment. That is why we can guarantee it. All druggists, or by mail. Price 50c. ## Reliability - Beauty - Comfort

Do You Want Them in Printer's Ink or in Your Car?

It's an easy matter to prepare and print advertisements and catalogs glowing with praise.

Judge the car you buy by its record—not by printer's ink. Look into its parts, not its advertisements.

When you've paid out your money, what do the advertisements with their glowing terms mean to you in the way of reliability—beauty—durability—economy—comfort?

When you pay over your money be sure of what you are getting.

There are good cars, lots of them, made as good as their makers know how, and plenty of bad cars, too, cars made merely to sell. They look fine while new, they even run passably well while new, but there's no heart in them. Their makers did not put it there. They quit under a strain—give out—and the repair bills begin.

Be sure you are getting a car that has made good. Look into the record and get the car that has come through the hardest tests unpevalized. Such a car will long be your most prized possession.

Come in, make an examination of Enger Cars, talk with any owner, and buy the car that you will use and be proud of for years.

## JAPAN FAVORS BRYAN'S PLAN

Ambassador Gives Formal Notification of Acquiescence.

## INDORSES IT IN PRINCIPLE.

Nippon Government to Give Careful Consideration to Proposal—No Bearing on California Negotiations. Tokyo Makes Investigation.

Washington, June 3.—Viscount Chinda, the ambassador from Japan, called on Secretary Bryan with formal notification that Japan had accepted in principle the proposed plan advanced by the United States for universal peace.

Signatories of the treaty proposed in Mr. Bryan's plan would agree to refrain from hostilities for a period of at least nine months while any conflicting claims were under consideration by an international joint commission. In the case of Japan, as with the ten other nations that have received the proposal favorably, the response applies solely to the general principle involved and none has committed itself to approval of any of the details of the project. Therefore, it may be many months before the tentative draft of the convention which Mr. Bryan submitted to the various embassies and legations can be reduced to a form which will receive their unqualified approval.

The statement by the Japanese ambassador that his government was prepared to give careful and favorable consideration to the peace proposal has no bearing whatever upon the negotiations now in progress between the two countries regarding the California alien land legislation. During his call upon Mr. Bryan the ambassador discussed the subject from various angles for half an hour, but without any definite development.

The Japanese foreign office has not yet enabled the ambassador definite instructions regarding the submission of its rejoinder to the last American note, and it is known that it is conducting an individual investigation as a basis for its rejoinder.

## SCHALL ACCUSED OF MURDER

Sergeant Is Accused of Killing Wife and Three Sons.

Portland, Ore., June 3.—George E. Schall, formerly a sergeant in the hospital corps, United States army, was arrested at Vancouver, charged with the murder of his wife and three children at the Presidio, San Francisco, last April. The bodies were found in the ruins of Schall's home in the non-commissioned officers' cantonment which was destroyed by fire.

## OIL-SOAKED MOP SETS FIRE TO RESIDENCE.

Chanute, Kan., June 3.—An oil-soaked mop that Mrs. H. B. Deming had put out of doors after polishing her floors was set on fire by the hot sun. Flames from the mop spread to the house and burned off a considerable portion of the roof before it was extinguished.

## Study Hygiene With Aid of Live Baby.

Cleveland, June 3.—Five hundred girls in their early teens, pupils in the eighth grade of the Cleveland public schools, began a practical study of infant hygiene with real live babies to experiment upon. The initiation of the course took place at the Sterling school, where Edward Parsch, eight-months-old son of Mason Parsch, a machinist, was stripped and given a perfectly hygienic bath before an interested class of girls in short dresses.

## Blind Man Honor Student at Columbia.

New York, June 3.—Calvin S. Glover, who has been totally blind all his life, is among the honor students of the senior class of nearly 2,000 members who receive degrees from Columbia university on Wednesday. Glover, who will receive the degree of bachelor of arts, is from Louisville, Ky. He has just been elected to the Phi Beta Kappa in recognition of his high attainments.

## Shaft Afire in Canadian Mine.

Winnipeg, June 3.—A dispatch just received from Nelson, B. C., says that the shaft of the War Eagle mine, at Rosland, caught fire and is burning fiercely. The shaft house has been destroyed, but it is not known whether any lives were endangered. The War Eagle is the largest silver and lead mine in western Canada.

## Four Freighters Drowned.

Winnipeg, June 3.—Four freighters employed by contractors building the Grand Trunk Pacific railway in the Rocky mountains were drowned in the Grand canon of the Tete Jaune Cache district. The accident was caused by the breaking of a scow, filled with supplies, which they were navigating to camp.

## British Battleships Collide.

Portsmouth, England, June 3.—The British battleships, Irresistible and Prince of Wales, of the home fleet, collided while maneuvering off the Isle of Wight. Both are returning to dock. The Irresistible's bows are damaged.

## SHE GAVE UP ALL HOPE

Physicians Failed To Help Mrs. Green, But She Finally Found Relief in Cardul.

Meete, Va.—Mrs. J. C. Green of this place, says: "I suffered with womanly troubles so that I could hardly sit up. Two of the best doctors in our town treated me, and I tried different medicines, until I gave up all hope of ever getting well."

One day I decided to try some Cardul. It did so much for me that I ordered some more, and it cured me! Today, I feel as well as I ever did in my life.

The pains and the trouble are all gone. I feel like another person in every way. I wish every sufferer could know what Cardul will do for sick women."

A few doses of Cardul at the right time, will save many a big doctor bill, by preventing serious sickness.

It tones up the nervous system, and helps make pale cheeks fresh and rosy. Thousands of weak women have been restored to health and happiness by using Cardul. Suppose you try it. It may be just the medicine you need.

## Can You Work It

If a 2-6x6 screen door will keep out 1,000,000 flies in one year at a cost of 90c, how many flies will a 2-8x6-8 door keep out? and how long can you afford to be without screens; figuring cost of a 2-8 door at \$1.00, your health at \$1.00 a minute, and wall paper at 20c a roll?

Just excuse me a minute while you're looking for your "specks and pencil"; I will sell this "waiting customer" one of our "fancy" screen doors.

to B. T. Swearingen of Bedison. The  
bride was dressed with a beautiful  
gown of silk tan trimmed with rich  
silk lace. After Rev. W. E. Royston  
had tied the nuptial knot the guests  
were invited to a table well laden  
of every good thing to eat, which was  
enjoyed by all present. Miss Alloway  
is the accomplished daughter of Mr.  
and Mrs. Ralph Alloway. Mr. Swear-  
ingen is the worthy son of Mr. and  
Mrs. H. D. Swearingen. They will be

## Reliability - Beauty - Comfort

Do You Want Them in Printer's Ink  
or in Your Car?

It's an easy matter to prepare and print advertisements and  
catalogs glowing with praise.

Judge the car you buy by its record — not by printer's ink.  
Look into its parts, not its advertisements.

When you've paid out your money, what do the advertise-  
ments with their glowing terms mean to you in the way of reli-  
ability — beauty — durability — economy — comfort?

When you pay over your money be sure of what you are  
getting.

There are good cars, lots of them, made as good as their makers know  
how, and plenty of bad cars, too, cars made merely to sell. They look  
fine while new, they even run passably well while new, but there's no heart  
in them. Their makers did not put it there. They quit under a strain—  
give out—and the repair bills begin.

Be sure you are getting a car that has made good. Look into the  
record and get the car that has come through the hardest tests unpenalized.  
Such a car will long be your most prized possession.

Come in, make an examination of Enger Cars, talk with any owner,  
and buy the car that you will use and be proud of for years.

## The "AUTOMATIC" Is More Than A Separator

It is a gasoline engine and separ-  
ator combined. The  
engine is wonder-  
fully efficient—can be  
used to run a washing  
machine or churn.  
It starts without  
fail. Runs with-  
out watching.  
"AUTOMATIC"  
Cream Separator  
requires no cranking.  
A child can operate it.  
Skims closer than any  
hand cranked ma-  
chine, because speed  
does not vary. Skims  
faster than ten men  
can milk. Come in to-  
day and let us tell you  
all about it.

## JAPAN FAVORS BRYAN'S PLAN

Ambassador Gives Formal Notification of Acquiescence.

### INDORSES IT IN PRINCIPLE.

Nippon Government to Give Careful Consideration to Proposal—No Bearing on California Negotiations. Tokyo Makes Investigation.

Washington, June 3.—Viscount Chinda, the ambassador from Japan, called on Secretary Bryan with formal notification that Japan had accepted in principle the proposed plan advanced by the United States for universal peace.

Signatories of the treaty proposed in Mr. Bryan's plan would agree to refrain from hostilities for a period of at least nine months while any conflicting claims were under consideration by an international joint commission. In the case of Japan, as with the ten other nations that have received the proposal favorably, the response applies solely to the general principle involved and none has committed itself to approval of any of the details of the project. Therefore, it may be many months before the tentative draft of the convention which Mr. Bryan submitted to the various embassies and legations can be reduced to a form which will receive their unqualified approval.

The statement by the Japanese ambassador that his government was prepared to give careful and favorable consideration to the peace proposal has no bearing whatever upon the negotiations now in progress between the two countries regarding the California alien land legislation. During his call upon Mr. Bryan the ambassador discussed the subject from various angles for half an hour, but without any definite development.

The Japanese foreign office has not yet cabled the ambassador definite instructions regarding the submission of its rejoinder to the last American note, and it is known that it is conducting an individual investigation as a basis for its rejoinder.

### SCHALL ACCUSED OF MURDER

Sergeant is Accused of Killing Wife and Three Sons.

Portland, Ore., June 3.—George E. Schall, formerly a sergeant in the hospital corps, United States army, was arrested at Vancouver, charged with the murder of his wife and three children at the Presidio, San Francisco, last April. The bodies were found in the ruins of Schall's home in the non-commissioned officers' cantonment which was destroyed by fire.

### OIL-SOAKED MOP SETS FIRE TO RESIDENCE.

Chanute, Kan., June 3.—An oil-soaked mop that Mrs. H. B. Deming had put out of doors after polishing her floors was set on fire by the hot sun. Flames from the mop spread to the house and burned off a considerable portion of the roof before it was extinguished.

### Study Hygiene With Aid of Live Baby.

Cleveland, June 3.—Five hundred girls in their early teens, pupils in the eighth grade of the Cleveland public schools, began a practical study of infant hygiene with real live babies to experiment upon. The initiation of the course took place at the Sterling school, where Edward Parsch, eight-months-old son of Mason Parsch, a machinist, was stripped and given a perfectly hygienic bath before an interested class of girls in short dresses.

### Blind Man Honor Student at Columbia

New York, June 3.—Calvin S. Glover, who has been totally blind all his life, is among the honor students of the senior class of nearly 2,000 members who receive degrees from Columbia university on Wednesday. Glover, who will receive the degree of bachelor of arts, is from Louisville, Ky. He has just been elected to the Phi Beta Kappa in recognition of his high attainments.

### Shaft Afire in Canadian Mine.

Winnipeg, June 3.—A dispatch just received from Nelson, B. C., says that the shaft of the War Eagle mine, at Rosland, caught fire and is burning fiercely. The shaft house has been destroyed, but it is not known whether any lives were endangered. The War Eagle is the largest silver and lead mine in western Canada.

### Four Freighters Drowned.

Winnipeg, June 3.—Four freighters employed by contractors building the Grand Trunk Pacific railway in the Rocky mountains were drowned in the Grand canon of the Tete Jaune Cache district. The accident was caused by the breaking of a scow, filled with supplies, which they were navigating to camp.

### British Battleships Collide.

Portsmouth, England, June 3.—The British battleships, Irresistible and Prince of Wales, of the home fleet, collided while maneuvering off the Isle of Wight. Both are returning to dock. The Irresistible's bows are damaged.

## SHE GAVE UP ALL HOPE

Physicians Failed To Help Mrs. Green, But She Finally Found Relief in Cardul.

Meetez, Va.—Mrs. J. C. Green of this place, says: "I suffered with womanly troubles so that I could hardly sit up. Two of the best doctors in our town treated me, and I tried different medicines, until I gave up all hope of ever getting well."

One day I decided to try some Cardul. It did so much for me that I ordered some more, and it cured me! Today I feel as well as I ever did in my life.

The pains and the trouble are all gone. I feel like another person in every way. I wish every sufferer could know what Cardul will do for sick women."

A few doses of Cardul at the right time, will save many a big doctor bill, by preventing serious sickness.

It tones up the nervous system, and helps make pale cheeks fresh and rosy. Thousands of weak women have been restored to health and happiness by using Cardul. Suppose you try it. It may be just the medicine you need.
